Resident of the Month

Peg Hardt

Meet Peg! Peg was born in Waterloo, IA. She has an older brother, David and a younger sister, Susan.

Growing up Peg's dad worked for John Deere and traveled for work. When Peg was in the 6th grade her family moved to Yakima, Washington. In the middle of her junior year of high school the family moved to Horicon, WI. It was a bit of a culture shock moving from a school of around 2,000 students to a town whose population was around 2,000.

Peg always had her music to get her by. When she was in the 3rd grade, she received her first violin. Her parents gave her private lessons. She got to travel around the world playing violin all through her grade and high school years.

She went on to study music in college and got a masters in music education.

While in college she met her husband John.

They enjoyed traveling together all around the world. John worked for IBM and would travel for work and Peg would travel with her music. Every November for their anniversary they would travel to Kauai, HI. Peg and John had two children Brian and Beth.

Peg enjoys sewing, knitting, and crocheting. She also enjoys staying at the family's lake house in Pardee, WI.

Her favorite thing about Allouez Parkside Village is everything! She likes her room, the staff, the food and the activities.

If she could give any advice it would be to save your money and don't spend foolishly. Get a good education and a good job.

★ Shining Star

Danyelle Peaches - CNA

Danyelle was born in East Chicago, IN. She has one daughter. On her mother's side she has six brothers and two sisters, two of the boys and one of the girls are triplets. She has worked for Allouez Parkside Village for three months.

What she enjoys most about her job is the fact that she is helping people. She likes being able to keep the residents company, especially now during the pandemic when they are not able to see their families.

In 10 years, Danyelle sees herself having her degree in sonography, a bit wiser & smarter-successful!

Some of her hobbies include reading, cooking, watching make-up tutorials on YouTube and spending time with her daughter.

Still to this day Six Flags is one of her favorite places to visit. She enjoys the rollercoasters there. She says she's just a kid at heart! Her favorite food is bone in wings. Halloween and Christmas are her favorite times of the year. She enjoys celebrating especially as a parent.

If she won the lottery, she would make sure her and her family were well taken care of, give back to charity, and set up an area in her house where she could do her make-up. She enjoys cool make-up.

Thank you, Danyelle, for all you do!!

Kitchen Creativity

September 13, or 9/13, brings 9x13 Day, a day for cooks of all abilities to fill their 9x13 pans with something delicious.

These versatile pans can be used for everything from appetizers to dessert. They can hold baked dips, beans, potatoes, casseroles, baked pasta, savory breads, meats, cakes, bars, cakes, and cobblers. The 9x13 pan is truly a workhorse of the kitchen. If you're looking for another excuse to whip up something special in the kitchen, September is Bake and Decorate Month. With apples and pumpkins begging to be picked, why not make one of these the star of your next cake or pie? And don't forget to decorate your dish with a decorative crust or a delightful icing.

September Birthdays

In astrology, those born between September 1–22 are Virgo's discriminating Virgins. Virgos pay attention to detail and are highly organized, making them curious and intelligent learners who can get the job done without complaint. Those born between September 23–30 balance the scales of Libra. Libras have strong intellects and keen minds and so need constant stimulation. Libras are also masters of compromise and diplomacy, acting as wise mediators between friends and colleagues.

"The Catch"

On September 29, 1954, Willie Mays made one of baseball's biggest plays on baseball's biggest stage. It was Game 1 of the World Series between Mays' New York Giants and the Cleveland Indians. The score was tied 2–2 in the top of the eighth inning when Cleveland batter Vic Wertz hit a line drive to deep center field. With the crack of the bat, Mays sprinted to the deepest part of center and made a spectacular over-the-shoulder catch on the warning track and still had the presence of mind to quickly throw the ball into the infield to keep the runners from advancing. New York went on to win the game and sweep the series for a World Series title, and Mays' catch, remembered forevermore as simply "The Catch," has gone down in history as one of the greatest plays ever made.
