September 2021

Visiting updates:

"Family and friends are now welcome to visit in residents apartments, our visitation room, or outdoor patio. There are no longer time frame restrictions, family and friends are able to visit 7 days a week from 8am-8pm. There is also no need to call in advance to schedule a visit and there is no longer a limit on the amount of guests allowed. We are encouraging all visitors to stay in residents apartments or outdoor patio while visiting. The sign in process remains as-is, which is taking your temperature and washing your hands before entering the facility. Masks are still required for all visits and if feeling sick please postpone your visit. Any questions regarding the visit process please contact the facility and we will be happy to assist you!
