## RESIDENT OF THE MONTH MARYANN SCHUMACHER

MaryAnn grew up on a small farm about two miles outside of Brillion. She has one brother and one sister. MaryAnn and her husband, Charles, raised their family of seven (two girls and five boys) on a farm in Menchalville, which is located in Manitowoc County. They had dairy cows, pigs, and chickens.

MaryAnn worked at a drug store/gift shop in Brillion. She was also a teller at Brillion Credit Union for several years. She belonged to Christian Mothers and volunteered at Red Cross.

MaryAnn enjoyed the time spent at their cottage on Long Lake. She loves to read, play cards, and participate in our activities here, at Brillion West Haven.

One of the reasons MaryAnn likes Brillion West Haven is because the employees answer the pendant calls quickly. Her advice to others who may be looking to go into an assisted living facility is, "I don't know if you could find a better place to live."

## **EMPLOYEE OF THE MONTH CASPER BASS**

Casper has been with Brillion West Haven for two to three months. He likes helping out where he can, and he likes seeing the residents smile and laugh.

He is originally from Oconto Falls, but grew up in Omro. He has seven siblings – four brothers and three sisters. He also has a hyper dog and two cats.

Casper likes to fish, cook, and go to the gym. He also likes playing video games, hiking, and being outside. His favorite sport is basketball. His favorite women's team is "Dallas Wings," and his favorite men's team is "Chicago Bulls." Casper's favorite food is Torta Abogada, which is a Mexican sandwich made from a crusty bread roll that is filled with pork, carnitas, and red onions dipped or drowned in a red chile sauce. He also likes cookies from *Crumble*.

In ten years, he sees himself in his dream house on some land and still living the life. Careerwise, he does want to continue in his field as a caregiver.

Casper's favorite place to travel, or anywhere he would like to travel, would be anywhere on a beach or in the woods. He would like to travel to Japan or Ireland in the near future.

When Casper wins the lottery, he wants to spend time with family and friends and travel for a little bit and then come home and buy his dream car.
